

Remarks

Claims 3-16 and 19-22 are pending in this application.

Claims 16 and 19-20 have been amended so that they do not depend on withdrawn claims.

Independent claims 4, 12 and 15, and the claims dependent thereon, have been amended to overcome the prior art rejections issued by the Examiner in the FINAL Office Action mailed February 11, 2008. See support therefore in the discussion of a "recipe" (time sequence) for varying temperature and pressure as shown in Figure 2 or 3. None of the cited or applied references teach or suggest a controller as recited, for example, as supported by controller 21 and the attendant description thereof.

In view of the above, early and favorable action is respectfully requested.

The Office is authorized to charge any fees required in connection with this filing to Deposit Account No. 02-4300, Order No. 033082M274.

Respectfully submitted,
SMITH, GAMBRELL & RUSSELL, LLP
